Orientation & Mobility (O&M)

Students can avail the use of white cane to navigate the campus and some of important institutions in the locality where his/her contact is frequently required.

Activity for Daily Living (ADL)

When the students are in the institute from PP – VIII (9 yrs), they are taught activity for daily living which includes dressing, cooking, personal hygiene, washing etc. These activities are also geared towards progressive independent living in his/her later life.

Music Class

It is also compulsory for all to attend music class and is assessed every term.

Students' support services (SSS)

The administration along with the warden and the matron, look after the welfare of the students. All the students have a health book for recording health issues for future references. In case of sick students, parents are immediately contacted. We provide/invite health personal during emergency. Buddy system is in place where the older students take care of the younger ones.

Washing of clothes

We have a system of washing clothes/dresses on every Wednesday & Saturday by the wash-woman for the juniors.

Boarding facilities

Boarding facilities for integrated students of class VII & VIII of Khaling LSS are provided with the institute. They also attend evening prayer, supervised morning and evening studies and important gatherings with the institute. However, they attend academic classes in above integrated school.

Educational support services

Students integrated receive educational support such as:

- Mathematics and Science support after the school.
- Computer classes.
- Emboss and enlarge notes
- Emboss and ink-print Braille materials.

Supplies

The following items are issued to the students:

- writing frame and stylus, (writing device)
- Perkins Braille (Writing device)
- abacus for Mathematics,
- white canes for Orientation and Mobility,
- textbooks (both in Braille and print)
- Braille paper and notebook,
- Reading stands and magnifying lenses/ glasses for low vision

Invitation of Ophthalmologist

Ophthalmologist and his team are invited annually for checkups and concerned students availed following as:

- Eye operation,
- magnifying glasses &
- medication.

Braille Lesson

Students are taught Braille both in English and Dzongkha, and in large print depending on the vision acuity (VA) of the individuals.

Maths Subject

For maths, Nemeth code is taught and shall expand vertically till the UEB Braille is introduced.

Computer Class

Institute has a computer lab where the:

- A. students are given facilities to attend computer literacy program from class I – VIII and
- B. ICT training for the adult blind.

Braille Classes for Adult Visually Impaired

A Braille learning provision is available for recently blinded higher-class student to undergo Braille classes for a term/s before he/she is integrated in the mainstream secondary school. However, in case of lower grade, he/she is given facility to continue education in an appropriate grade as per the decision of the admission committee of the institute.

Outreach programme

In addition to academic classes, the institute conducts outreach programmes to the visually impaired students and visually impaired employed in different sectors.

Driglam Namzha

To inculcate Preservation and promotion of the culture, Driglam Namzha is taught and given practice once a week.
